

March 8th, 2012

The Directors of The Lifetrade Fund B.V. (the "Fund") have decided to postpone the publishing of the Fund NAV starting March 1st, 2012 and suspend all current redemptions.

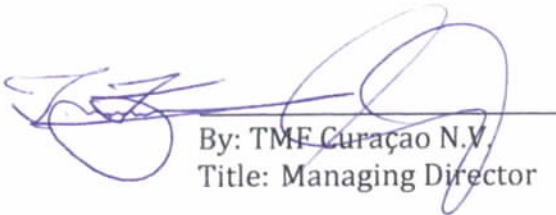

The Directors of the Fund and the Investment Manager are taking all reasonable steps to bring such period of suspension to an end as quickly as possible. However, at this time, the Directors and Investment Manager cannot provide a timeline for resolution.

Several key events have arisen that prevent the Fund to estimate an accurate NAV.

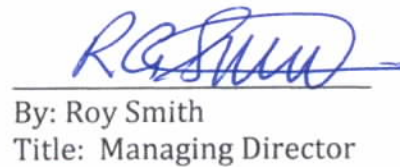

- It has come to the attention of the Fund that, in the next 12 months, investors may submit redemptions for over 30% of the net asset value of the Fund.
- The Fund is guarantor on a credit facility that is currently being re-negotiated. If unsuccessful, the total recourse to the Fund could represent over 40% of the net asset value.
- On February 23, 2012, the Japan's Financial Service Agency ordered an investor in the Fund to suspend its operations for a month, pending investigation of its operations (unrelated to the Fund). The Fund cannot determine the outcome of the investigation or liquidity requirements that this could create.

Please be advised that the abovementioned suspension is in accordance with the information provided to all investors in the Prospectus of the Fund. For any questions or concerns, please email the Fund at info@lifetrade.com.
