

August 12, 2011

Dear Client,

**Re: Notification of new SWIFT/BIC Code ("FCIBCWC2")**

We hereby would like to inform you that because of the constitutional change of the Netherlands Antilles, the country code for Curaçao in the SWIFT network has been amended.

This amendment is applicable for all banks operating on Curaçao and the effective date is **October 1, 2011**.

Furthermore, we also implemented an alignment of our SWIFT/BIC Code in accordance with the FirstCaribbean International Bank Group policy. Therefore, the new SWIFT/BIC Code for FirstCaribbean International Bank (Curaçao) N.V. will be **FCIBCWC2**.

As per the above-mentioned date, you will **no** longer be able to utilize the existing SWIFT/BIC code (CFMBANCU), as it will be deactivated by SWIFT.

In light of this change, you are kindly requested to urgently notify your respective clients that are wiring payments to your account(s) at FirstCaribbean International Bank (Curaçao) N.V. to amend their records with our new SWIFT/BIC Code.

In addition, we have attached the routing details for Incoming payment instructions for your perusal.

If you have any further questions, please feel free to contact your relationship manager or our Customer Support Desk at + 5999 4338338.

Sincerely yours,

W.M. van der Burg  
Managing Director Dutch Caribbean

V. Thode-Legrand  
Manager Transactional Services
